

Beyond Bureaucracies and Ivory Towers: PLTS and the Sierra Pacific Synod at Work in the West

Featuring:

Bishop Mark W. Holmerud

Join us as we celebrate and further strengthen the strategic partnership between the Sierra Pacific Synod and Pacific Lutheran Theological Seminary. What resources already exist within our synod, and how are we sharing them? How can the synod and the seminary work together to provide resources that make a difference to the “front lines” of ministry? You are invited to join the conversation! Come strategize with us about how we will serve God’s mission together in this amazing, diverse, and richly gifted synod of the ELCA!
